**Policy on Health Insurance Reimbursement**

I understand that I am responsible for all fees incurred as a result of my treatments with you.

I will keep a current physician's referral or prescription with relevant diagnosis codes on file with you, regardless of whether my health policy requires it, and assume responsibility for making sure it is up to date. I understand that a physician's referral or prescription does not necessarily mean that the insurance company will reimburse you for your services.

Health insurance will pay for bodywork when it is "Medically Necessary", defined as restoring lost function due to illness or injury. They can and do deny payment when, in their view, the criteria are not met.

Most insurance companies reimburse for **one hour** of treatment per visit, and visits must be limited to one hour.

I understand that I am personally financially responsible for all co-pays and deductible payments at the time of service. If my claims are denied, I will reimburse you within 30 days of denial.

I take responsibility for dealing with my insurance company if I disagree with their reasons for denied payment, and will pay you in a timely manner out of my own pocket.

**I have read and agree with all of the statements above.**
